

ABOUT US

Founded in 2023 in Maharashtra, Navica is a fast-growing export company specializing in premium-quality agricultural products such as spices, jaggery powder, fruits and vegetables. Our journey began with a vision to bridge the gap between local farmers and the global marketplace, ensuring that the best of Indian produce reaches homes and businesses across continents.

At Navica, our partnerships with trusted farmers and manufacturers play a crucial role in delivering the freshest, most flavorful products. We meticulously select our partners based on their commitment to sustainable and environmentally responsible practices, ensuring a positive impact on both the community and the planet.
